

Andrus Card Control 6 by Jerry Andrus Taught by John Redmon - Video - DOWNLOAD

Vol 6 of Andrus Card Control teaches the Ginza Shift for controlling multiple cards to the top, bottom or into a palm position. In the words of Jerry Andrus himself, "This is one of the most potent moves I created." Additionally, you will learn how to sleeve from one to four cards with the Ginza Shift. John will also teach techniques for palming a card directly from an insertion; how to create a double on top of the deck from a card insertion, and a powerful reversal technique for a selected card. He will then teach four of Jerry's techniques for sleeving one to four cards from the insertion into the deck. Finally, John will show some different ways you can combine or execute some of the moves you have already learned in this series.

Ginza Shift
Ginza Shift to Card Case
Sleeving with the Ginza Shift
Side Delivery Palm
Side Delivery Turn Over
Side Delivery Double
Sleeving from the Deck
Snap Sleeving
Right Little Finger Sleeving
Sleeving with a Handkerchief
Renaissance Moves (Applications for combining Jerry's moves)
