

Best Of British - eBook - DOWNLOAD

Right from its first issue, *Magicseen Magazine* has sought to showcase talent from the UK, talent that sometimes can be a little swamped by high profile personalities from other parts of the world. To put this right, *Magicseen* approached a list of the UK's top performers and creators and invited them to contribute to a book that is designed to show the world what they have to offer.

Best Of British contains routines from over 20 creative British magicians, including Wayne Dobson, Peter Duffie, Geoffrey Durham, Paul Gordon, Simon Lovell, Shaun McCree, Marc Paul, Scott Penrose, Mark Shortland, Paul Stockman and many more.

It's a fabulous collection of close-up, stand up and mentalism effects from stars who really know what they are doing, and it's a must-read publication for anyone interested in good quality routines.

The book has 140 pages and contains clean line illustrations throughout by *Magicseen's* Design Manager Phil Shaw.
