**2) Oil & The Clean Water Act** - An easy to do "Oil & Water" effect that will amaze your spectators! Jon Racherbaumer LOVES this effect!

**3) ONE CUP** - A cool one cup, "Cups & Balls" routine, that was modeled after a routine by Sen. Clark Crandall. The patter is hilarious!

**4) Name Any Card** - A very deceptive routine that Paul developed from Jim Steinmeyer's brilliant principle. Self-working, yet appears impossible!

**5) Impromptu Book Test** - Paul modified a routine by Richard Hember to create a beautiful Book Test that can be performed anywhere!

**6) Four Card Coincidence** - This effect by the late John Murray will amaze your audience every single time - and it's self-working!

**7) SNAP!** - A very funny double revelation! First you make a card rise from the deck - but it's the wrong one! Wave the card and it **SNAPS, visibly, into the selection!** This effect is completely impromptu! Learn Paul's "Simplex Bottom Reversal" for a very useful sleight!

**8) Telepathic Spectator** - This is one of Paul's "prize" effects! First the magician reads the thought of the husband - THEN the husband reads the thought of his wife! Both are left completely clueless!

The above effect teaches a very deceptive concept by Paul called The Lost Peek! This is a very useful ploy. It has many, many uses, is easy to do, and will elevate your magic to new heights!

**BONUS!!** As an added feature, Paul exposes his doubly-signed, two-card transposition that is so amazing your spectators will be stunned! It is simple, quick and very, very easy to do! This one is a true "worker!"
