

Kido by Agustin - Video - DOWNLOAD

Imagine this -- with just a shake, you can make any writing or drawing appear on your phone screen. You can use it for any magic routine.

- Reveal a playing card, symbols, or numbers
- Use it as a prediction
- Transform it into a real object

The coolest part is that it uses something that you can find FREE on the Play Store or Google Store. Agustin shows how to turn this ordinary app into an extraordinary tool, with lots of great ideas.

It's easy to do, and ready for you anytime, anywhere.

Download the video and learn how to perform these amazing effects.
