

A CLOSE UP SHOW! by Paul A. Lelekis Mixed Media - DOWNLOAD

A Close Up Show! is a package deal... three excellent routines that have been "routined" together to provide you with a real close-up show.

INTRODUCTION - How to "routine" these three effects together to produce an incredible close-up show!

1) PASTEBOARD PRISON - Three convicts break out of prison, locking up the four Ace Guards. The clever guards end up catching the three outlaws... *while they were locked up!*

2) TRIPLE THREAT COIN - The performer makes a coin travel from his hand, to two different locations. The third time, the coin actually goes into his hand for all to see, and then closed into a fist. With two spectators, each holding a wrist of the magician, the coin *still* "flies" to the other hand in a miraculous manner!

3) CHEEK TO CHEEK - Probably the most direct, in-your face, Triumph effect ever devised! This routine DEFIES ALL LOGIC... and it is SO EASY to do! Your spectators will be floored!

PLUS, A BONUS!

Learn a *very* devious method of extracting a selection from a fan of cards! The many uses for this technique (*and the various ways to use it*) will really "up" your card magic!
