Even Houdini once said, "*You can't consider yourself a magician unless you can perform the Cups & Balls!*"

"Defective Cups & Balls" has Paul's complete, hilarious patter, and each stage of this routine becomes more and more "eye-popping" as the story goes on!

Best, yet, *this routine ends* with not just a double - but a TRIPLE revelation that will have everyone, including the kids, completely FREAKED OUT! It seems IMPOSSIBLE!

This routine will not only get you a standing ovation from the audience... but also, side-splitting laughter!

Defective Cups & Balls is easy to do and requires no "knuckle-busting" sleights... only easy-to-do sleights. This allows you to concentrate on Paul's very funny patter lines!

Each stage becomes more and more amazing!
