

C.M.T. DIPLOMA COURSE COMPLETE MIND THERAPY MASTER PRACTITIONERS HOME STUDY CERTIFICATION COURSE by JONATHAN ROYLE Mixed Media - DOWNLOAD

Within this multi-media instant download home study package, you will receive everything you will need to easily, rapidly and effectively become a confident and competent diploma-bearing licensed master practitioner of Royle's unique one session hypnotherapy and NLP treatment approach called "**Complete Mind Therapy**" or **CMT** for short.

Since the mid 90's, this technique has been honed to perfection and is now used by therapists worldwide. Their clients achieve amazing life-changing results on a daily basis.

This technique has successfully been used on most every kind of client with most every habit, addiction, fear, phobia and, indeed, every other issue you can possibly think of from A through to Z. Amazingly, it happens in a single approx 60 minutes treatment session.

You will discover how to use CMT with clients who want to tell you all about their problems. Perhaps more importantly, you will be taught how to use it in a completely **CONTENT FREE MANNER**. The client fills in certain blanks for themselves along the way and ultimately makes the session completely specific, personal, relevant and powerful to them. You never need to know anything about what their issue used to be.

Through a combination of video, audio and written training materials and resources, you will soon be able to master this extremely powerful therapy modality. This allows you to gain access (at no extra cost) to your professional diplomas and certification in "**Complete Mind Therapy**".

You will also gain access to various professionally designed logos, which you can use in your advertising to show that you are a licensed practitioner of Complete Mind Therapy. These also prove that you are a lifetime member (no yearly fees) of **The Association of Complete Mind Therapists (ACMT)**, which indeed you can become when you have downloaded this package.

Arguably this is the most powerful mind therapy approach ever released to hypnotherapists, NLP'ers and related mind coaches. Truly, no prior experience is necessary, as all the information you will ever need to get started **(including a written business plan to make big profits from smoking cessation and weight loss clients)** is included within this download package.

Download this multi-media package to begin your home study.
