

SHOWCASE MAGIC! by Paul A. Lelekis - Mixed Media - DOWNLOAD

SHOWCASE MAGIC, by Paul A. Lelekis, is a performer's dream! The magic included in this eBook is a mixture of "formal performance" magic, table-hopping magic, children's magic and a couple of gambling routines that will make people think, *"I'm not playing cards with this guy!"* Most of these routines are IMPROMPTU!

Paul has written a **4-page** Prologue that describes 8 different venues for making money with your magic in your hometown... and how to go about getting these jobs. He describes the "pitfalls" and performing advice for these 8 different ways to gain real experience in the magic world.

Also included is advice about **balloon sculpting**! THIS SECTION IS VITAL for children's performances! There are bits of advice that you probably never thought of before! **The Prologue alone** is worth the modest price of this eBook!

PLUS... learn Paul's unbelievable "CARD UNDER GLASS" routine!

Included are 9 videos, patter, and many photos!

THE SHOWCASE ROUTINES INCLUDE:

1) Spectator Deals a Royal Flush - Paul has created an incredibly spectator-involved routine that ends with the spectator dealing herself a **Royal Flush**! This is a terrific multi-stage routine that the spectators will LOVE!

2) Center Deal the Four Aces - You will almost feel "guilty" about performing this routine! The spectators will give you credit for advanced skills... but this is EASY to do!

3) Out of This World - Most card men are familiar with "the greatest card effect" in the world... but Paul has taken this to new heights! I KID YOU NOT... Paul has created a routine that is ABSOLUTELY fool proof! Again - you make the spectator the star!

4) Location, Location, Location - This is an **extremely** entertaining routine! It is fun for children or adults! The first two transpositions will amaze them... but the

final **DOUBLE** transposition will leave them with their mouths open! AND it's easy to do!

5) 1, #2, 3 Coin Routine - This routine can be performed close-up to cabaret! The kids **and** the parents will LOVE this 5-minute routine! The children (and parents) laugh so hard that it will be tough to get them to calm down. This is a real winner!

6) STICKMAN! - This variation of Sander's effect is Paul's favorite routine to perform for children! Wherever Paul goes, the kids run up to him and scream, "**Paul... Do Stickman, do Stickman!**" Easy to do and so much fun for everyone! Paul includes the patter for use with children or adults!

7) BONUS EFFECT! - Card Under Glass - Learn Paul's fool-proof method for "getting the card under the glass" multiple times... and NEVER getting caught! This routine is a time-honored effect that is a POWERHOUSE! Paul has performed this routine hundreds of times and he even fools "well-schooled" magicians! Paul will teach you methods of misdirection that are incredibly effective!

8) ANOTHER BONUS! Included is a **VIDEO** of Paul's underground sleight, **The Broken Packet Bottom Deal (BPBD)**! Learn how to expertly deal from bottom of the deck, rapidly and in succession - from a FULL DECK! This sleight is easy to do and will take very little time to master!

EXTRA BONUS! A video is included of **The Lelekis Full Deck False Shuffle**. This is the easiest full deck false shuffle you will ever find and will fool everyone! If you use any kind of a set-up (full deck set-up or otherwise), this false shuffle is for you! **The Lelekis Full Deck False Shuffle** was first explained in the eBook, **MY FAVORITES II**. You will use this false shuffle over and over! I have performed this shuffle while some "world-class" magicians (you know them!) watched and they never even blinked!
