

DOUBLE DECKER by Paul A. Lelekis - Mixed Media - DOWNLOAD

Two superb, IMPROMPTU card routines that you will be proud to perform! These are favorites with Paul!

These two effects, plus the **COINS THRU TABLE** (see Paul's eBook), are routines that Paul *always* has with him for those impromptu performances... they are PERFECT!

PLUS... a very *important* four-page INTRODUCTION about HOW to bring your spectators in your "magical universe". This Intro is a MUST READ! The INTRODUCTION is worth twice the price - very sage advice.

*Also, Paul has provided **TWO VIDEOS**, explaining Paul's famous underground sleight, **The Simplex Bottom Reversal**, showing 4 different ways to use this valuable sleight!*

1) JOKER SANDWICH SURPRISE - This is one of the best "openers" you could imagine! Place the Jokers out on the table - (they can be inspected!) and then begin a crazy routine with great laughs as you begin this effect (*very funny stuff!*). Then have a card peeked at (no force) and lay the deck down. Pick up the two Jokers, wave them over the deck, and with a loud "Snap!" a face down card POPS into view between the Jokers... it is the selection!

2) EVERYBODY LOVES A CLONE! - This is one of Paul's VERY FAVORITE EFFECTS to perform... it is mind-boggling - **yet SO easy to do!** It can be an opener or a closer... it is THAT STRONG! This beautiful, multi-stage routine will FLOOR your spectators - GUARANTEED!

This effect is a lot of fun to perform!
