

MAGIC MEDLEY by Paul A. Lelekis - Mixed Media - DOWNLOAD

10 full routines with ESP, coins, cards, silks, rings, and the real secrets of performance. PLUS...two VIDEOS of performance and explanation for a full four-coin routine are included.

An essay is also included about how to control your spectators and recognizing and utilizing "repeat responses" to raise the 'bar' of your performances!

TAKING CONTROL - An essay explaining how to bring your spectators under your control!

AMAZING - A little game of 'what is where' that even "fools" the magician performing it! Easy to do and fun!

COIN(S) PRODUCTION - A cool production of four coins! Includes a video of performance and explanation!

A BLENDO EFFECT - Use your Blendo silks for a new routine that gets your audience involved! 3 differently colored silks blend into one silk...in the spectator's hands!

MIRACLE SANDWICH - This is an "impossible" effect by Marlo! This one *will fool magicians!* I LOVE to perform this effect!
