

POWERFUL POKER ROUTINES by Paul A. Lelekis - Mixed Media - DOWNLOAD

"Having known Paul for many years, I can attest to his amazing skills as a magician...but few know that he also worked as an underground gambler or "card mechanic" in a very 'seedy world' where you could lose your life for one wrong move."

"These routines are a testament to his skills as a magician/gambler in a very dangerous world. I don't recommend doing what Paul did, but I DO recommend these beautiful routines."

- Jeremy Smith

There are SIX VIDEOS provided to demonstrate and explain the some little-known sleights as well as FOUR very important false shuffles! Finally learn the "real work" for those false shuffles that are rarely taught - look professional!
