

Magic Encarta Presents Chess Change by Vivek Singhi - Video - DOWNLOAD

Chess Change is an extremely easy to do visual color change of one card into another. The Chess Change can be used not just as a color change but also helps you use it for your Ambitious Card routines if the same move is done with a face down instead of a face up card.

NO HOLDING A BREAK, IMPROMPTU, PURE SLEIGHT OF HAND and can also be performed with a borrowed deck.

In the video download, you will not only learn the Chess Change but also other moves that go into the **Chess Change** making it much more than just a change.

Download the video and learn now.
