

INFLATION by Esya G - Video - DOWNLOAD

Imagine you can inflation your own money by drawing the number "0" (zero) with a Sharpie marker. You borrow bill from an audience of \$1 then invite the audience to sign their own bill. Then draw by you two numbers "00" in the Nominal section, to \$100 and you draw a line in the Nominal section... Then Remove bill from the picture that you have drawn, do the magic to make it real. Now you have \$100, give back \$1 to the audience and all the money can be Examined...

- Any currency bill
- Borrowed bill
- Can be signed
