Detect Clip by Agustin - Video - DOWNLOAD

Turn a paper clip into a little weapon to find any card you want.

One paper clip visually vanish in the blink of an eye.

Like throwing a stone into a river. You throw a paper clip on the deck, make it sink and land on the card you want.

Imagine you can use it as 4 Card Production, or find spectator's SIGNED card. This is a versatile effect that you can add to your routines.

Simple to execute and everything is clean at the end.
