

Aim Switch by Hansu - Video - DOWNLOAD

Hansu is a Korean magician who specializes in card tricks. He reveals his technique made five years ago. It is called **Aim Switch**.

It can switch a card in the blink of an eye. This happens so fast that the audience will never notice it. This technique can be used in many ways, including force, change, and switch.

Aim Switch will upgrade your magic such as oil & water or reset more visually. You can also make your own tricks with this technique.

There is no limit! Imagination is up to you.

The best part is no gimmick!

Perform **Aim Switch** with any deck, even with a borrowed deck!
