

The Four Aces by Alfredo Gile - Video - DOWNLOAD

"**The Four Aces**" is a little miracle, a "no way" impromptu trick with playing cards.

You show a little bottle with some predictions inside.

Then the spectator shuffles the deck of cards and he finds instantly the four Aces under your control...following your instructions only!

- 100 % impromptu
- 100 % examinable
- No gimmick
- No electronics
- No forced cards
- Easy to do

Note: the little bottle is not included
