

## UltraWarp by Mario Tarasini - Video - DOWNLOAD

We present **UltraWarp** - a visually stunning effect that looks like a camera trick, but can be shown live!

Effect:

The magician shows two cards: a regular picture card and a blank face one.

The magician stacks the cards on top of each other and the card with the picture visually and gradually begins to turn white.

After an effect, both cards can be examined by the spectator.

We add a bonus idea by Zaw Shinn.

Additional supplies may be needed in order to perform this effect.
