**Crystal Ink** is an ink appearing and vanishing effect on a playing card that gives you the ability to print any design that you want any time. **Crystal Ink** is highly customizable it is easy to make it does not involve any difficult mechanism the design is not only limited to an X or a Stickman figure. That design can literally Be Anything a card Revelation, a drawing, someone's name , initials pretty much anything that you can think of. The design that has to be printed is only limited to your imagination. The **Crystal Ink** is so visual it looks like a complete camera trick. Crystal is perfect not only for social media performances but also for live close up performances . Crystal ink is just going to be a moment of awe for your spectators. You will learn more than 10 effects using the Crystal ink concept and also an idea for a routine using the same.

*Note: One thing is to be noted that Crystal ink does not use any flaps, no threading ,no magnets, no double stick tape*
