

Easter Magic by RoMaGik - Mixed Media - DOWNLOAD

I was inspired by this magic trick from the routine Déluges de balles, by John Bannon which he describes in his book *Impact*

Effect:

The magician shows 4 white cards, then he appears a chocolate egg on one of them before making it disappear or reappear again. In the end, the 4 white cards display 3 Easter delivery men: the Easter Bunny, the Easter Bells and the Easter Hen, accompanied by the message "Happy Easter".
