

## **Bermuday Sandwich by Salvador Molano - Video - DOWNLOAD**

Above the table is a back card that will be visible at all times, two white cards with a hole in the center are shown, is chosen and signed an east card is lost in the center of the deck, the two white cards are placed on top of the deck and without any strange movement the white cards catch the chosen card between them, this same card is deposited between the two white cards and magically the signed card disappears, a white card is lost in the center of the deck and this is magically reunited, the chosen card is lost in the deck, again the two white cards are taken and very clearly they take the card that has been in sight at all times and is turned this being miraculously the chosen card and signed by the spectator can be examined

### **Phase 1**

White cards hunt the signed card very clearly

### **Phase 2**

The signed card between the two white cards fades away

### **Phase 3**

One of the two white cards is lost in the deck and the other white card is reunited hunting for the signed card again

### **Phase 4**

The signed card is lost in the deck, and with the two white cards the card that has been in sight since the first moment is turned over and miraculously is the signed card
