"The way this is accomplished is clever. It's exactly what I would have done."

- **Bizzaro**

"Ren X's Motive will mystify you like Charles Gauci's "Eye to Eye" once did - with a much safer method."

- **Rob Zabrecky**

A spectator holds two objects as the magician turns away and blindfolds themselves. The spectator secretly selects one of the two objects. Then, without moving or saying anything, the magician correctly guesses which object was chosen. Every single time.
