

## Happiness by RoMaGik - Video - DOWNLOAD

I was inspired by this magic trick from the routine Déluges de balles, by John Bannon which he describes in his book Impact.

Effect:

The magician shows 4 white cards, then he appears the word "happiness" in a butterfly (bonheur in french) on one of them before making it disappear or reappear again.

In the end, the 4 white cards display 4 indicators of happiness: "health" (sante in french), "luck" in the 4-leaf clover (sante in french), "money" in the pig piggy bank (argent in french) and above all "love" in the heart (amour in french).
