

## Shy Monkey by Priyanshu Srivastava and Jassher Magic - Video - DOWNLOAD

**Shy Monkey** includes 2 main effects... Touch force and card shooting technique.

Touch force has 2 variation where One card can be forced..or multiple cards... Like 4 of a kind... Or 2 mates and so on.

The card shooting technique gives you the ability to shoot the spectator's freely selected signed card out of the deck .

The variations it contains are:

- Pop out card trick
- Shooting card trick
- Pressure shot
- Spring shot
- Spread shot **Shy Monkey** is a self working gimmick that one can make for him/herself in less than 15 minutes.It can be performed up close.The gimmick hides unnoticed right under the spectator's nose.
