

## **Heads or Tails by Damien Keith Fisher - Video - DOWNLOAD**

We all know the game of heads or tails is tossing a coin to select the winner. The coin always decides who wins, but not with this trick... **Heads or Tails!** The magic of the magician and good sleight of hand decides who wins this game!

The clever sleight of hand is quick and the effect is a great piece of close up magic.

As the spectator is anxiously waiting for the flip of the coin, hoping to guess right, the magician vanishes the coins. Poof! Just like that the coins are gone! The spectator's mind is still trying to figure out where the coins are... but the magician has quickly produced them back into a purse. Heads or Tails, it's a gamble... but the magician is always the winner with this trick.
