

## **Mystic Numbers by Dibya Guha - Video - DOWNLOAD**

A list bearing names of different countries is introduced. The performer next places a card with a question mark drawn on it face down on the table. A few number cards are also shown & the spectator feely selects 3 of these cards. The values on these cards are added & the country corresponding to the total is noted. Now the card with the question mark on it which was placed face down on the table is turned face up & it now bears the name of the spectator's selected country.

1. Easy to do.
2. Self-working. No difficult sleights involved.
3. Great for close up, walk around or even Zoom shows.
