

Flicker Change by Gonzalo Cuscuna - Video - DOWNLOAD

Flicker Change!!! It is a game specially designed to visually and instantly change a card... It's instantaneous and fast, the card never comes out of the viewer's view. In a flicker flashing the change is made generating great surprise to your audience.

Effect:

The viewer signs a card and places it on the deck.

The magician takes a random card and shows that he is not the chosen one, with a quick movement becomes the viewer's card...

After the game the card can be given to the viewer as a gift!
