

Coincidences by Luis Magic - Video - DOWNLOAD

EFFECT:

A spectator freely cuts the deck and chooses one card.

You immediately know how many cards he has cut and the suit and value of the chosen card ... because IT IS THE ONLY RED SUITED IN THE DECK WHICH IS COMPOSED OF ALL BLACK SUITED CARDS.

You show the "all black deck" well mixed and split it into two parts.

A card is chosen in the first half and the correspondent in value one appears face up in the other half.

In the end all the cards in the two "half decks" are now in perfect coincidence between them!!!

HIGHLIGHTS:

- You'll learn how to use a different type of "prepared" cards, and how to mark a bicycle card in a practical way.
- The entire routine needs NO SLEIGHT OF HAND AT ALL , and has great impact on Your audience.
