

## **MemoMora By Samer Mora - Video - DOWNLOAD**

**MemoMora** is a totally new principle for memorizing cards!

You ask your spectator to deal 4 cards into 4 piles and shuffle every pile separately. Then ask him to eliminate any 3 piles.

Now you have 3 options:

1. Predict 13 cards: The last pile has a prediction on a paper with 13 cards written on it.
2. Memorize the chosen pile: Now you are ready to memorize the last 13 cards in 10 seconds. It is so easy.
3. Focus: you will focus on the rest of the deck and you will know the cards in remaining pile.

In this download, you will get 6 tutorial videos and PDF.
