

Chameleon's Deck by Viper Magic - Video - DOWNLOAD

A beautiful routine that will baffle your audience. They will think that your deck is actually made up of Chameleon skin!

The best part about this color changing routine is that it happens right in front of their eyes, and they never notice it.

- Can be repeated instantly, and every time the card chosen will be different.
- No forcing is done at any point
- No deck switches
- No Heavy Sleights involved

Once the deck has been made, it's going to last you for years. It's a little bit of work, but it's worth it. And some of you might have all the things required, so the making process will be way, quicker for you.
