# Controller by Samer Mora and (A.B) - Video - DOWNLOAD

**Controller** is a completely new technique for knowing a spectators thought of card!

The spectator thinks of any card in the deck, the card that he is thinking of is lost in the deck and the magician tells him what the card is without any funny moves. A completely new method to know the spectators thought of card.

You can create your own effects using this technique.

In this technique you can use:

1-a borrowed shuffled deck
2-normal deck of cards

- No gimmick
- No force
- No marked deck
