

Mario Tarasini presents: Dream Card V.2 by Jawed Goudih - Video - DOWNLOAD

Warning! A very visual effect - a perfect ending to your ambitious card routine!

The spectator chooses and signs any card (free choice).

The magician places the card second from the top. Just a wave of the hand and the card visually pops right through.

This is a classic with a twist. Usually you can not hand the card for examination, but now you can!
