

Pigment & Pixel 2.0 by Abhinav Bothra - eBook - DOWNLOAD

The only DIY Card Marking System that you will need for the rest of your life!

Pigment & Pixel 2.0 has 2 marking systems designed for the Standard Bicycle Rider Back. Both the marking systems are based on something that you've been seeing since your childhood hence it is almost impossible to forget. One of the marking system is small and while the other is big, so you're covered of either kind of eyesight.

Note : This download consists of only the marking systems and does not come with any tricks with a Marked deck.
