

Pigment & Pixel 3.0 by Abhinav Bothra - eBook - DOWNLOAD

Two DIY Card Marking System for the ones who like to take things into their own hands.

Pigment & Pixel 3.0 has two marking systems designed for the standard Bicycle Rider Back design.

Information for both Value and Suits are marked on one sq. centimeter area of the card making it easy to identify the card at one go.

The marks are on the side border area for one of the systems while it is towards the center for the other.

Note : This download consists of only the marking systems and does not come with any tricks with a Marked deck.
