

The Haunted Pack- Matthew Wright - Video - DOWNLOAD

Over twenty years ago Matthew Wright witnessed what he says was the greatest magic trick he has ever seen. Sat in a dark hotel lobby in Amsterdam his mentor, Eugene Burger, performed the Haunted Deck... a trick Eugene had spent a lifetime learning and it blew Matthew away.

Now, Matthew has decided to share what he has learnt about the effect 2 decades later.

For those who have never studied the original Al Baker "pack that cuts itself" this is a must watch. A true classic of magic.

Matthew has added some of his own twists to the original and also pays homage to Eugene and the techniques he mastered.

- Incredibly visual
- Incredibly magical

An effect that can be learnt in a moment....but mastered in a lifetime.
