Welcome to BIONIC, an original idea from the great mind of Esya Bagja Gumelar from Indonesia.

Spectators are free to choose any card they like without any forcing (eg, 4 of Diamonds), Then the chosen card is lost in the deck.

The magician shows an image on his smartphone, for example the (King of Clubs). Clearly it is the wrong prediction.

Wait, you don't have to worry. Your assistant will reveal the spectators choose card!
