

## Arrow Queen by Ido Daniel - Video - DOWNLOAD

Make a hand drawn arrow vanish and reappear at will!

Buy a chocolate bar and draw an arrow on it.

Then with the power of your mind you can make it move.

You give a spectator a card from your pocket, then you make the arrow vanish...

Where is it? Now it appears on the card that you gave to your spectator.

Easy to make, and easy to do!

Grab it now for yourself.
