

The Vault - Skymember Presents Ultra Sense by Daniel Hiew - Video - DOWNLOAD

From the mind of Daniel Hiew, we are excited to bring you Ultra Sense - a REVOLUTIONARY COLOR SENSE ROUTINE THAT FOCUS ON YOUR SPECTATOR'S EXPERIENCES.

This is a complete project full of psychology, mental magic, and natural handlings.

Imagine this:

You pull out a deck of cards and HAND IT to your spectator.
Your spectator CUTS the deck as many times as they like.
Your spectator DEALS the cards into two piles in the turns as they wish.
Your spectator CHOOSE any pile WITHOUT letting the performer know it.

Now, it is time for YOU to SENSE & REVEAL the colour, suits, value and ULTIMATELY THE EXACT IDENTITY of EACH CARD! All done with a NON-MARKED DECK!

The juiciest part about Ultra Sense is that they NEVER KNOW FOR SURE how did you (really) DO THAT! You ENDS COMPLETELY CLEAN.

With Ultra Sense, you'll convince even the most skeptical audiences that you're really able to read through their eyes. It's THAT good.

Remember this:

- HANDS-OFF. Spectator HANDLE the cards ENTIRE TIME.
- The revelation happened in the SPECTATOR'S CLOSED HANDS.
- NON-MARKED DECK.
- NO CRAZY MEMORIZATION.
- NO SWITCHES & AWKWARD MOVEMENTS. Every move has a reason.

If you haven't been exposed to Daniel's Perfect Sense before, you'll be blown away at how much thought goes into every seemingly insignificant detail.

Pick up a deck of cards and get ready to win people's hearts.
