

## **ESP RE-UNION by AK Dutt - Video - DOWNLOAD**

An ESP effect with a kicker ending that they will never forget!

The symbol on the selected card matches the couple of matching pairs that are randomly taken out from two stacks of 12 cards each.

None of the other pairs match. The trick does not end there.

Five Cards are arranged on the table. The stacks are cut, completed and mixed. Pairs of cards are taken out (one from each stack) and distributed on these 5 cards.

When the stacks are turned over, the symbols are found segregated magically in all the five stacks.
