

SUIT & VALUE - A VARIATION by A K Dutt - Video - DOWNLOAD

As the title says, this is a variation of the trick **Suit & Value**.

Very easy to learn and perform

In the original, if the deck is set up for Suit, then you cannot start with Value and vice versa.

I have eliminated this limitation. Now it is volunteer's choice whether to choose Suit or Value. Accordingly, you can proceed.

At the end whenever you show the entire deck blank except the selected card, it always creates a WoW factor. This is one such trick.

Use your own blank deck and a few regular cards. Write SUIT on one blank card and VALUE on the other and you are ready for the performance.

Download it today and enjoy performing this
