

Visual and Surprise Crystalline Trillers by Salvador Molano - Video - DOWNLOAD

A visual game of chance!

Three glasses are displayed. Inside of the glasses are two blank cards and one regular card.

The cards are turned backs towards the audience and the glasses mixed. You have to guess where the regular card is but you are always wrong.

The surprise quicker is when the cards are removed from the glasses and you reveal that all of the cards are the same as the one regular card.

How is it possible!
