

Dream Card Light by Paul A. Lelekis - Mixed Media - DOWNLOAD

All patter and two excellent videos are included!

My favorite effect of all time is my version of DREAM CARD, which was in my most popular e-book, MY FAVORITES, and I have received accolades from professional magicians around the world for this effect.

My second favorite is **DREAM CARD LIGHT**...which I have been very apprehensive about sharing, because it is such a powerful effect - and it's easier to do than Dream Card...and I've loved this trick for years.

This is more than just an impossible effect...it is theater!

The patter is so very powerful, that it is exactly what will be remembered most - and it is hilarious! You're going to love it.

You can perform this for two people...or 100 people. I have even performed it on stage a number of times.

I even had a lovely young woman run up to me with her signed card and told me about much luck it brought her - by the way...I hadn't seen that woman in over 10 years since I performed it. THAT'S how strong it is.

I'm not going to try and convince you of this amazing effect...I'll just provide you with a preview:

A card is selected and signed by the spectator as you recant your dream that you had last night.

A whirlwind of effects ensue and her signed card is impossibly found...and like your dream, it has a different colored back!

This effect is a stupendous closer for any set of magic you'll ever perform...it is TOO strong for an opener!

This might be the strongest effect you'll ever perform.
