

Position Predicted by Oliver Vinacour video **DOWNLOAD**

Produce any small object that you like from the center of the deck!

"This was the one trick I saw at the London Magic Convention that I immediately started practicing when I got home. A creative, playful and off the wall idea."

- **Lloyd Barns**

"I have no idea how Oliver is doing it but man I wanna know!!!"

- **Chris James**

"Woah, I was not expecting that!"

- **Luke Oseland**

"Love it. A surprisingly refined sleight! This brings back some good old memories where my mentor produced an eight ball from a deck of cards."

- **Henry Harrius**

"Its so visual and an incredibly fun moment that caught me off guard"

- **Beau Cremer**

"Position Predicted is an unexpected pop out killer ending to a card routine. Good one Oliver!"

- **Darryl Rose MIMC**

"This is a visual and interesting effect with a deck of cards and kicker ending!"

- **Jeki Yoo**

"Very cool visual and a really magical surprisingly moment. Plus it's very commercial"

- **Craig Petty**

They say stop anywhere and you cut the deck. When you remove the top block of the cut the spectators are left staring at a small ball, mini rubiks cube or any other small object of your choice.

Easy to learn.
