

Clip Drink by Bachi Ortiz - Video - DOWNLOAD

Looking for something completely different?

With this effect your public will remember you for years.

Imagine being able to drink a paper clip through a straw.

You put three colored paper clips on a card and lock them in a card box. Then they pick a color. You take a straw and suck the correct coloured clip through the straw and into your mouth.

A fun trick, for all kinds of audiences.

- Free choice
- Easy to do
- The clip actually comes out of your mouth.
- Applause guaranteed!
