

No Way Sandwich by Joseph B - Video - DOWNLOAD

A sandwich routine like no other!

Look carefully because this effect is a REAL FOOLER!

I have shown it to many magicians and no one of them had a clue! This is the perfect ending to your sandwich card routine! It really looks like REAL magic!

The two queens inexplicably approach each other inside the card case to capture the card named by the spectator! It looks amazing! Really easy to do! You have all the materials at home to build the gimmick!

I am really proud of this routine!

I show you how you can end clean!

- No glue
- No wax
- No double sided tape
- No double face cards
- No double back card
- EASY TO DO
- NO FORCE!
