

The Vault - The Camel by Danny Urbanus - Video - DOWNLOAD

Thread the needle!

- One unit
- No slits in the needle
- Innovative method
- Hand out an impossible souvenir

The Camel is Danny's modern version of Tommy Wonders effect *Through The Eye of The Needle*.

Everything you need is contained and set up on one of your business cards. Nothing extra is needed.

With the unique method you can show everything at the beginning and hand it out at the end. You link the needle with no cover at all. After you are finished give the rubber band, needle and business card to your spectator to take home and remember you by.

This is one of those effects that you will perform for those special occasions.

The Camel is the perfect way to hand out your business card and make people remember you. Danny will explain exactly what is needed to perform this miracle on this easy to follow download.
