The Vault - Little Big Assistant 2 by Patricio Teran - Video - DOWNLOAD

A novel card revelation your spectators will never forget!

Have your spectator pick a card and remember it. You introduce a small little stick man cut out holding a cute little mini deck of cards. The spectator thinks of their card and now you just flick the little card box and instantly the card deck changes into their mini thought of card. The face of the stick man also changes to a smile with hearts in its eyes!

Easy to perform.

Extremely memorable.
