We are delighted to announce that we have published another collection of terrific material from comedy mentalist Mel Mellers. Entitled the **Mel Mellers' Magical Mentalism Tour**, this 9" x 6" soft back book runs to 92 pages and features 28 of Mel's mentalism ideas, each of which is commercial and entertaining.

It also has an interesting essay on getting the basics right as well as three further pages of great one liner to use in your act. Mel's methods are practical and uncomplicated - he has a real gift for getting directly to the nub of what is needed to create any desired effect - and so there will be many ideas which you will soon be including in your repertoire. Those who bought Mel's first Magic seen publication (The Travelling Trickster) will no doubt be delighted to get hold of more of Mel's funny mental material.
