

## A Gentle Misdirection by Landon Stark - eBook - DOWNLOAD

Take a wild detour from the usual card tricks and dive headfirst into the absurdly brilliant world of **A Gentle Misdirection** -where the only thing sharper than the punchlines are the sleight of hand. In this hilariously twisted take on modern magic, award-winning mischief-maker Landon Stark delivers a masterclass in comedy, cunning, and controlled chaos.

Packed with audience-tested routines, sleights and gags so good they should come with a warning label, this book is part magic manual, part stand-up special, and 100% proof that you can be both funny and diabolically clever.
