### **Strange Tricks, Bold Ideas, and Vintage Vibes**

A quirky collection of 38 offbeat magic effects using everyday objects-coins, earbuds, lint, bread clips, shampoo bottles, and more. From a crayon that reveals a thought to a flower petal with someone's name written on it, each routine is simple, surreal, and oddly powerful.

Inspired by the wonder-filled charm of Dunninger's old magic books. No long-winded theory. Just clever tricks, fast instructions, and a wink of mischief.
