

Impossible by Richard Griffin - Video - DOWNLOAD

Effect

You show a pack of cards to be all different and ask a spectator to freely choose any card and sign it. This is then placed back into the centre of the deck, cards put back into the box and a see through scarf is now wrapped around them. Holding onto the scarf with one hand with the cards hanging in the scarf, you now under these impossible conditions pluck their signed out of then pack.

Richard has used this routine for over 30 years in his professional act and now it can be yours

Detailed instruction

Impossible uses a very simple gimmick which will take you 10 minutes to make.

Richard goes through the moves step by step, in detail, making it easy to follow.
